

New 20-cell Lithium batteries. We meet your wishes

Itingen, November 2025

Dear valued customer,

In response to the growing demand of our 20-cell lithium batteries CR2016, CR2025, CR2032, and the current economic situation regarding product with country-of-origin PRC, we are delighted to inform you about the come back of our version "Made in Indonesia".

Beginning from **February 2026**, we will be able to ship our CR2016, CR2025 and CR2032 cells within the secured card packaging as usual with the new country of origin Indonesia.
