End of Life Notification

Dear Customer,

This is to inform you that ams/RF Digital will discontinue production of the products listed in Table 1 below. Effective immediately, no further new customer design support can be provided on these products.

We will of course continue to fulfill already placed production orders and would like to give you the opportunity to place your last time buy orders until **end of February 2018**. Last shipment will complete by **end of June 2018**.

Table 1

Part Number	Description
RFD77402	ToF "Olivia" Module
RFD77306	Prototyping Shield
RFD77804	Prototyping Kit

Another ams division expects to offer a new ToF sensor product by Q2 2018, more info of which can be provided by them in April 2018.

We apologize for any inconvenience this product end of life disposition may cause. Please let us know if you have any concerns about the end of life schedule above.

Thank you,

Product Management
RF Digital Corp
