

PRODUCT TERMINATION NOTIFICATION

Termination for ST25R3910

Main reason for the Termination:

Low volume on ST25R3910 does not justify maintaining production or transferring the part to TSMC as announced in PCN MDG1710400 to ensure long-term availability with best possible lead and reaction times.

The **ST25R3911B**, **ST25R3912**, **ST25R3913** are near pin compatible replacement with increased performance, functional compatible while meeting newest application requirements.

Affected Commercial Part Number	Replacement Product
ST25R3910-BQFT	ST25R3911B-AQFT ST25R3912-AQFT ST25R3913-AQFT

PRODUCT TERMINATION NOTICE

Date: May 18, 2018

Dear valued customer,

STMicroelectronics is considering terminating the production of the ST25R3910 product.

We propose to meet you as soon as possible, in order to evaluate the consequences that our plans might have for you. During this meeting we could define in common the best possible solution in order to minimize the impact of any decision. Any objection to our proposal should be raised 10 days at the latest from the date of the present note.

Planned date of Termination:

Last order entry: **November 1st, 2018**

Last shipments: **May 1st, 2019**

Please be assured that STMicroelectronics remains committed to excellent customer service. We are prepared to take all the necessary steps to reduce any inconvenience resulting from this situation.

Yours faithfully,

Termination for ST25R3910
