

Microsemi Corporation

December 2019

Product/Process Change Notification No: PCN 2019-005

Change Classification: Major

Subject: Product Change Notification of addition of die source of various commercial devices

Description of Change: This notification is to announce that Microchip are in the process of second sourcing new wafer fabs for the below part families

Reason for Change: A temporary supply interruption due to an unforeseen disruption of existing wafer fab source

Application Impact:

Microchip will continue to support products outlined and alternate die sources will be qualified in the interim until the current qualified source is supporting the business again.

There will be no change to form, fit or function of the finished product.
Please note this will secure the availability of this product as second sources become available.

Products Affected by this Change:

See Appendix Note: This is a list of Ordering Part Numbers (OPNs) as are found in product datasheets. Customers may track additional part number variants in their systems, so please consider this a base part list. Please note there is die available to fulfill many of the orders that are affected by this temporary interruption. Any orders affected by the interruption customers will be notified as soon as possible.

Open orders: All currently scheduled orders shall be delivered per the dates reflected in the order acknowledgment from Microchip.

Further technical information is available from your local Sales office

Appendix:

Product number	Package	Qual status
UFS5xxxJ(G)(e3)	DO-214AB, DO215AB	AUG 2020
UFS3xxJ(G)(e3)	DO-214AB, DO215AB	AUG 2020
UFS1xxJ(G)(e3)	DO-214AA, DO-215AA	AUG 2020

Production Shipment Schedule:

Production will commence in August 2020
