

Engineering Change Notice

Date: March 10, 2020

Reference Number: ECN-001/20

Title: Change of MAC Address Series

Applies to: RS9113, RS9116, RS14100 and RS13100 series of modules and related evaluation kits

Change Description:

Upon depletion of the current MAC address pool (starting with **88:DA:1A**), Redpine will start shipping modules with mac address starting with **80-C9-55**. The change in mac address has no impact on the software/firmware provided by Redpine for n-Link, WiSeConnect and WiSeMCU product families.

Reasons for change:

- 1. Depletion of current MAC-Address pool.

Change Implementation Plan:

This change will be implemented on the modules with shipments from **20-Mar-2020**.
