Description of Change: Qorvo has added an alternate offshore assembly contract manufacturer (CM) for various products in the SOT-89 package. The products will be assembled at the new location as another option with other qualified sites. The backside outline drawing is slightly different but complies with JEDEC TO-243 AA, unless otherwise noted in the drawing. The contact plating will be changed to NiPdAu

Reason for Change: For supply risk mitigation purposes to ensure uninterrupted supply and provide world class customer service delivery performance.

Detail of potential impact to customer: No Change in Function, including same reliability and performance. The customer's PCB land-pattern for the products are not expected to change.

Affected Products: TAT7461A6A, TAT7461-P, TAT7461-X

Customer Acknowledgement/Responses: All Customer responses must be sent via e-mail to PCNResponse@qorvo.com. When replying, please include the PCN number in subject line. Customers should acknowledge receipt of the PCN within 30 days of delivery of the PCN. Lack of acknowledgement of the PCN within 30 days constitutes acceptance of the change. Any concerns, sample order response, or a request for further information must be provided within the acknowledgement period. If additional time is required to determine if samples or additional data is required, the customer must submit this request along with the acknowledgement response and state when they expect to complete their review. After acknowledgement, lack of additional response prior to the planned first ship date constitutes acceptance of the change. If the customer requires additional time to perform sample testing, beyond the stated planned first ship date, an extension must be negotiated with Qorvo. Acceptance of the PCN prior to the planned first ship date is considered approval to begin shipments early. Any contractual PCN agreements made with Qorvo supersede these requirements.
