Comments and/or Supporting Data: 885128 and 885136 are standalone BAW filter products impacted by this change. QPF7219 is a Front-End Module product that integrates a BAW filtering function impacted by this change.

The following only applies to Major and Minor Changes

Affected Product Specification (if applicable): None

Qualification Plan or Data (if applicable): Qual Data will be available upon request.

Customer Samples Available (if applicable): Dec 19, 2022: Contact Colin.Leong@qorvo.com for samples request

Qualification Results Available (if applicable): Dec 12, 2022:

Planned First Ship Date: Mar 1, 2023: Sooner if approval is received

Identification of Changed Product (if applicable): Product traceability will be tracked in Qorvo systems

Customer Acknowledgement/Responses: All Customer responses must be sent via e-mail to PCNResponse@qorvo.com. When replying, please include the PCN number in subject line. Customers should acknowledge receipt of the PCN within 30 days of delivery of the PCN. Lack of acknowledgement of the PCN within 30 days constitutes acceptance of the change. Any concerns, sample order response, or a request for further information must be provided within the acknowledgement period. If additional time is required to determine if samples or additional data is required, the customer must submit this request along with the acknowledgement response and state when they expect to complete their review. After acknowledgement, lack of additional response prior to the planned first ship date constitutes acceptance of the change. If the customer requires additional time to perform sample testing, beyond the stated planned first ship date, an extension must be negotiated with Qorvo. Acceptance of the PCN prior to the planned first ship date is considered approval to begin shipments early. Any contractual PCN agreements made with Qorvo supersede these requirements.
