NOTIFICATION**

PRODUCT DISCONTINUANCE NOTIFICATION (PDN)

PDN2021-15

TITLE: END OF LIFE (EOL) - BUY OF PART NUMBER,

PUBLISH DATE: JANUARY 26, 2021

LAST ORDER DATE: Starting January 26, 2021 LAST SHIPMENT DATE: December 15, 2021 or until stock on hand is consumed whichever is first.

Dear Customer,

Dialog Semiconductor wishes to advise you that the devices listed in the Affected Parts List below are now subject to end-of-life, EOL, due to a fire at a sole source supplier of substrate. These devices are extremely low volume and since we can no longer get new substrates we unfortunately have to discontinue the product

Customers can place last orders based on existing inventory of substrate and stock on hand

After this is depleted no further orders will be accepted.

Dec. 15, 2021, is the latest date Dialog Semiconductor will ship out the below mentioned parts or until stock on hand is consumed.

After stock is depleted or Dec. 15, 2021 whichever is sooner no further shipments will be possible.
