Change Notification CN 15-2013
New Packing Label

Dear Customer,

Please be informed that ams AG is changing the packing labels. Over the time the requirements of our customers and also the capabilities of our production system were increasing. Therefore we decided to extend the information provided on our label sets. Additional parameters are added and also a 2D barcode. All parameters which are currently on the existing label will also be printed on the new label.

about ams

ams develops and manufactures high performance analog semiconductors that solve its customers' most challenging problems with innovative solutions. ams' products are aimed at applications which require extreme precision, accuracy, dynamic range, sensitivity, and ultra-low power consumption. ams' product range includes sensors, sensor interfaces, power management ICs and wireless ICs for customers in the consumer, industrial, medical, mobile communications and automotive markets.

With headquarters in Austria, ams employs over 1,300 people globally and serves more than 6,500 customers worldwide. ams is listed on the SIX Swiss stock exchange (ticker symbol: AMS). More information about ams can be found at www.ams.com.
