Discontinuation of MAS6116EA1SA308 and MAS6116EA1SA306

Dear customer,

We regret to inform you that MAS must discontinue the supply of MAS6116EA1SA308 and MAS6116EA1SA306 products. The reason for this is the official notification of Tower Semiconductor Ltd that MAS6116 wafers will become obsolete.

Due to the terms given for EOL by Tower Semiconductor Ltd we can unfortunately only accept EOL orders received before end of this year. Delivery of these orders is planned to take place before 30.06.2024 but it is subject to our order confirmation.

We will not offer any replacement product for MAS6116. We are very sorry for the inconvenience caused by the EOL of these products.

If you have any questions, do not hesitate to contact us.

Sincerely yours,

Juha Majakulma

Managing Director, CEO
