EOL Notification

PREMO SL hereby formally provides an “End of Life” (EOL) notification for the **Hall Effect Current Sensors** product range (HCT Family), which will be retired from our product portfolio on **31/04/2014**.

This product range has been retired already from our website www.grupopremo.com on 01/04/2014, in order to avoid any future promotion or misunderstanding to our customers and distributors.

Anyway, PREMO SL will keep the necessary support regarding technical, quality and sales issues related to this product range to our existing customers, representatives and distributors, until at least 31/12/2014.

Despite the previous, PREMO SL will still keep the production, promotion and development of the **Flux Gate Current Transducers** product range (DCT Family) and **Current Transformers** product range (CWP, CWL, CM, CS, CV, CH, CA, CF and CSAU Families).

General Information

This EOL notification announces the cessation of manufacture and promotion of the products mentioned herein. The process of product discontinuation will be implemented in accordance with PREMO SL Product EOL Procedure.

This EOL notification is supplied prior to cessation of manufacture to enable related customers, representatives and distributors to make the necessary adjustments to their current and future purchase plans.

Users of this product range are requested to review these plans carefully and ensure that final purchases are made within the schedule as defined in the following terms and conditions.

Last Buy Order Date

31/04/2014 is the final date at which orders will be accepted for the mentioned products. After this date PREMO SL will not be obliged to accept new orders, and any new order will need to be discussed and accepted separately.

After this specified date no more devices will be manufactured and last deliveries made. At this point the device can be said to have reached their end of life status.

Suggested Replacement Device

PREMO SL does not propose any alternative product or product family inside his portfolio, as replacement for the phased-out products. There are other companies in the market which are able to supply similar products which can functionally replace the original PREMO SL products phased out, like Telcon Ltd (<http://www.telcon.co.uk/>), however this information is provided as reference only.

PREMO SL has no relationship or common business with any of those companies, and provides no guarantee that the suggested replacement companies will have products with exactly the same size, shape, function or operation principles than the phased-out products.

Limited Warranty

All products included in this EOL communication shall be subject to the PREMO SL Standard Limited Warranty, detailed in our Sales Conditions, accessible in our website (<http://www.grupopremo.com/in/page/49/salesconditions/>).

Phased-out product future manufacture

PREMO SL reserves the right to re-introduce at any time in the future the manufacture of devices that may have gone through the full phase-out procedure. All new re-introductions of previously phased-out devices will be announced on the PREMO SL website www.grupopremo.com.
