**Reason for Change:**

☐ Material / Composition

☐ Design / Firmware

☒ Manufacturing Location

☒ Processing / Manufacturing

☐ Logistics

☐ Quality / Reliability

**Change Description:**

Thailand was hit by a devastating flood that impacted the production of Atmel's assembly subcontractor Chintek Electronic Industries Co., Ltd. (CEI). Due to the continued serious flooding the production at the CEI facility is disrupted for an indefinite period of time.

This uncertainty has resulted in the need to transfer the assembly activities of the above mentioned ICs to ASE Shanghai, China.

Atmel has long business experience with ASE. The available package qualification data is currently under review to support the necessary short-term transfer.

It is our target to assure continued uninterrupted supply. Therefore, the operation taskforce, which was set-up immediately, is expediting activities so as to qualify the above mentioned ICs at the new assembly supplier.

**Identification Method to Distinguish Change:**

New ASE assembly will get part number extension **-66**
