

Product Change Notification

PCN Number: HC131601

Notification Date: April 23, 2013

Title: Replacement of TSPIC (Atmel Philippines) with ATEC (Philippines) for Specific Assembly Sawing process Steps			
Product Identification: ATA6663-FAQW and ATA6670-FFQW			
Reason for Change:	☐ Material / Composition	☒ Manufacturing Location	
	☐ Processing / Manufacturing	☐ Quality / Reliability	
	☐ Design / Firmware	☐ Logistics	
Change Description: Due to unforeseen circumstances, equipment (specifically used for wet-able flank package sawing process steps) was beyond repair. The equipment was decommissioned at short notice. To fulfill the delivery commitments Atmel has qualified subcon ATEC for the plating process. This means for the first step package sawing, the solder plating and the second step package sawing. The placement of the ICs into tubes and the Final Visual Inspection (FVI) is also done at ATEC. The assembly process up to the plating remains unchanged at TSPIC (Atmel Philippines) and quality assurance and traceability of the complete assembly process is given. Due to the nature of the processes done at ATEC, Atmel deems the impact on the customer as low. Customer may approve this change based on Atmel qualification data (PPAP) and if desired with a manufacturing validation.			
Identification Method to Distinguish Change: Date code			
Qualification Data:	☒ Available	☐ Will be available (mm/dd/yr):	☐ Not Applicable
Samples:	☒ Available	☐ Will be available (mm/dd/yr):	☐ Not Applicable
Quantifiable Impact on Quality & Reliability: No			
Proposed First Ship Date*: Available now *The Proposed First Ship Date is the forecasted date that a customer may expect to receive changed product. This is determined by the estimated date of inventory depletion on the PCN issue date. This may be affected by fluctuations in supply and demand. Consequently, although customers should be prepared to receive changed product on this date, Atmel will continue to ship pre-changed product until a time in which inventory has been depleted. This may result in pre-changed product being shipped to customers after this forecasted date.			
Atmel Contact: Please contact your Atmel Sales Representative or Distributor for additional information (when replying via e-mail please include the PCN number in subject line).			

Information provided herein is in connection with Atmel products and this information is provided "AS IS". Atmel assumes no responsibility for any errors that may appear in this document. No license, express or implied, by estoppel or otherwise, to any intellectual property rights is granted by this document. Except as provided in Atmel's Terms and Conditions of Sale for such products, Atmel assumes no liability whatsoever, and Atmel disclaims any express or implied warranty, including liability or warranties relating to fitness for a particular purpose, merchantability, or non-infringement of any patent, copyright or other intellectual property right. Atmel products are not intended for use in a product or system intended to support or sustain life which, if it fails, can be reasonably expected to result in significant personal injury. Atmel may make changes to specifications and product descriptions at any time, without notice.

CUSTOMER ACKNOWLEDGEMENT OF RECEIPT: Atmel requests you acknowledge receipt of this PCN. Please complete and email to pcnadm@atmel.com and the Atmel Contact listed above. In your acknowledgement, you can grant approval or request additional information. **Atmel will deem this change accepted unless specific conditions of acceptance are provided in writing within 30 days from the date of this notice.**
