Reason for Change:	☐ Material / Composition ☐ Processing / Manufacturing ☐ Design / Firmware	☒ Manufacturing Location ☐ Quality / Reliability ☐ Logistics					
Change Description: As part of long term second source strategy for QFN assembly, Atmel has selected automotive certified supplier ASE (ChungLi, Taiwan) as second qualified source. ASE (ChungLi, Taiwan) is a strategic assembly partner and high volume sub-contractor for Atmel. The ATA6624C has a broad, global, customer base and is running in high volumes. The addition of a new assembly subcontractor is necessary to meet increasing demand. Package and footprint remain the same. Package qualification has been successfully completed in all respects with no technical/material deviation to the original package, making it drop-in replacement suitable.

Proposed First Ship Date*: October 11, 2013							
*The Proposed First Ship Date is the forecasted date that a customer may expect to receive changed product. This is determined by the estimated date of inventory depletion on the PCN issue date. This may be affected by fluctuations in supply and demand. Consequently, although customers should be prepared to receive changed product on this date, Atmel will continue to ship pre-changed product until a time in which inventory has been depleted. This may result in pre-changed product being shipped to customers after this forecasted date.							
Atmel Contact: Please contact your Atmel Sales Representative or Distributor for additional information (when replying via e-mail please include the PCN number in subject line).
