PART NUMBERS:

A29L400AT (U) M-55/70F (-UF) (-IF)

REASON:

AMIC has normally a good reputation when we are forced to discontinue a product. Unfortunately we are dealing with a highly irregular and exceptional case here. The packaging subcontractor closed, and did not allow AMIC to place a LTB order.

Since the SOP44 package becomes obsolete in the industry we suggest customers to migrate their layout to TSOP48 package instead.
