Product / Process Change Notice

Pre-PCN No.: QA00-202601-001 Date: 2026-03-06

Change Title: Wafer fab change due to TSMC Fab5 transition announcement

Change Classification: Major
Change item: Wafer Fab

Affected Product(s) : Total 33 part no. affected, please refer to the Appendix A.

Description of Change(s) :

Nuvoton parts impacted by the TSMC Fab5 transition announcement. Due to TSMC Fab 5 stopping production of Nuvoton products in 2027, Nuvoton will plan to transfer those parts from TSMC Fab 5 to other Fab.

Reason for Change(s) :

Due to TSMC Fab5 production capacity issues, Nuvoton 33 parts will need to be transferred to other FABs; this is currently under engineering confirmation.

Impact of Change(s) : (positive & negative)

Form: Once the product version is changed due to the fab site change, the character for product version on IC top marking will be changed. Will be updated in final formal PCN.

Fit: No Change.

Function: No Change.

Reliability: No Change. Waiting for the reliability test result, a reliability test report will be attached to the final formal PCN.

HSF (Hazardous Substances Free): No Change.

Qualification Plan/ Results :

Waiting for reliability test, will provide the result in the formal PCN before formal transferred.

Implementation Plan :

This pre-PCN is the preliminary announcement of a change in process. A final formal PCN will be issued with reliability test results.

☐ Date Code: ☐ Lot No.: ☑ Implemented date: TBD
