

Product Change Notification

Product Change Notification Number: SC084502

Date: November 10, 2008

Title: Addition of Amkor Technology (China) as a Qualified Subcontractor for Microcontroller (AVR) 32 MLF 5x5 Package Testing

Product Identification:

See Attachment A

Reason for Change:

☐ Design

☒ Manufacturing Location

☐ Processing

☐ Quality/Reliability

☐ Logistics

☐ Material

Change Description:

Atmel is rationalizing and expanding its assembly and test capacity to support a projected increase in world-wide demand for Atmel's Microcontroller devices. This is part of the global turnkey solution strategy. Upon successful qualification, Atmel will add Amkor Technology (China) to its list of qualified 32 MLF 5x5 package test subcontractor listing.

Identification Method to Distinguish Change:

Lots with a date code of 0905 (YYWW) and beyond.

Qualification Data:

☒ available

☐ not applicable

Samples:

☐ available

☒ not applicable

Quantifiable Impact on Quality & Reliability:

No impact.

Proposed First Ship Date*: February 16, 2009

**The Proposed First Ship Date is the forecasted date that a customer may expect to receive changed product. This is determined by the estimated date of inventory depletion on the PCN issue date. This may be affected by fluctuations in supply and demand. Consequently, although customers should be prepared to receive changed product on this date, Atmel will continue to ship pre-changed product until a time in which inventory has been depleted. This may result in pre-changed product being shipped to customers after this forecasted date.*

Atmel Contact: pcnadm@atmel.com

Atmel will deem this change accepted unless specific conditions of acceptance are provided in writing within 30 days from the date of this notice. All correspondence must be sent to the Atmel Contact e-mail address listed above.

Information provided herein is in connection with Atmel products and this information is provided "AS IS". Atmel assumes no responsibility for any errors that may appear in this document. No license, express or implied, by estoppel or otherwise, to any intellectual property rights is granted by this document. Except as provided in Atmel's Terms and Conditions of Sale for such products, Atmel assumes no liability whatsoever, and Atmel disclaims any express or implied warranty, including liability or warranties relating to fitness for a particular purpose, merchantability, or non-infringement of any patent, copyright or other intellectual property right. Atmel products are not intended for use in a product or system intended to support or sustain life which, if it fails, can be reasonably expected to result in significant personal injury. Atmel may make changes to specifications and product descriptions at any time, without notice.
