

Product Change Notification

Product Change Notification Number: SC093202

Date: August 19, 2009

Title: Qualification of Testing for 100 TQFP Microcontroller (MCU) at Lingsen

Product Identification:

See Attachment A

Reason for Change:

☐ Design

☒ Manufacturing Location

☐ Processing

☐ Quality/Reliability

☐ Logistics

☐ Material

Change Description:

To qualify Lingsen for testing of 100TQFP. As part of strategy to support exit of product testing from SJO test floor and to support turnkey production.

Identification Method to Distinguish Change:

Lots shipped after August 30, 2009 will be tested in Lingsen.

Qualification Data:

☒ available

☐ will be available on

☐ not applicable

Samples:

☒ available

☐ will be available on

☐ not applicable

Quantifiable Impact on Quality & Reliability:

None

Proposed First Ship Date*: November 14, 2009

**The Proposed First Ship Date is the forecasted date that a customer may expect to receive changed product. This is determined by the estimated date of inventory depletion on the PCN issue date. This may be affected by fluctuations in supply and demand. Consequently, although customers should be prepared to receive changed product on this date, Atmel will continue to ship pre-changed product until a time in which inventory has been depleted. This may result in pre-changed product being shipped to customers after this forecasted date.*

Atmel Contact: pcnadm@atmel.com

Atmel will deem this change accepted unless specific conditions of acceptance are provided in writing within 30 days from the date of this notice. All correspondence must be sent to the Atmel Contact e-mail address listed above.

Information provided herein is in connection with Atmel products and this information is provided "AS IS". Atmel assumes no responsibility for any errors that may appear in this document. No license, express or implied, by estoppel or otherwise, to any intellectual property rights is granted by this document. Except as provided in Atmel's Terms and Conditions of Sale for such products, Atmel assumes no liability whatsoever, and Atmel disclaims any express or implied warranty, including liability or warranties relating to fitness for a particular purpose, merchantability, or non-infringement of any patent, copyright or other intellectual property right. Atmel products are not intended for use in a product or system intended to support or sustain life which, if it fails, can be reasonably expected to result in significant personal injury. Atmel may make changes to specifications and product descriptions at any time, without notice.
