☒ Quality / Reliability

Change Description:

Improved quality level for QFN packages – MSL3 to MSL1 for unlimited hours.

Identification Method to Distinguish Change:

Devices compliant with the MSL 1 standard are packed without dry packing. MSL 3 compliant devices ship dry packed.

Proposed First Ship Date*: July 5, 2013			
<i>*The Proposed First Ship Date is the forecasted date that a customer may expect to receive changed product. This is determined by the estimated date of inventory depletion on the PCN issue date. This may be affected by fluctuations in supply and demand. Consequently, although customers should be prepared to receive changed product on this date, Atmel will continue to ship pre-changed product until a time in which inventory has been depleted. This may result in pre-changed product being shipped to customers after this forecasted date.</i>			
Atmel Contact: Please contact your Atmel Sales Representative or Distributor for additional information (when replying via e-mail please include PCN number in subject line).			
Information provided herein is in connection with Atmel products and this information is provided "AS IS". Atmel assumes no responsibility for any errors that may appear in this document. No license, express or implied, by estoppel or otherwise, to any intellectual property rights is granted by this document.
