Title: Sale of North Tyneside, U.K. Facility and Transfer of Products to Colorado Springs, Colorado, and External Foundries

Product Identification:

Part Number	Part Number
ATmega2561-16AU	ATmega2561-16MU
ATmega2561V-8AU	ATmega2561V-8MU
ATmega2560-16AU	ATmega2560-16CU
ATmega2560V-8AU	ATmega2560V-8CU

Reason for Change:

☐ Design

☒ Manufacturing Location

☐ Processing

☐ Quality/Reliability

☐ Logistics

☐ Material

Change Description:

Atmel has sold its North Tyneside, UK eight-inch wafer fabrication facility. Production has been redeployed to the company's manufacturing operations in Colorado Springs, Colorado USA, and external foundries.

Identification Method to Distinguish Change:

The wafer foundry location is identifiable via the second character in the six-character base lot number. The following four characters will not be used after the transfer:

North Tyneside (UK)	K	L	M	Z

Qualification Data:

☒ available

☐ will be available in WW__

☐ not applicable

Samples:

☒ Go to <http://www.atmel.com/forms/Samples.asp>

☐ not applicable

Quantifiable Impact on Quality & Reliability:

None

Proposed First Ship Date*: September 21, 2009

**The Proposed First Ship Date is the forecasted date that a customer may expect to receive changed product. This is determined by the estimated date of inventory depletion on the PCN issue date. This may be affected by fluctuations in supply and demand. Consequently, although customers should be prepared to receive changed product on this date, Atmel will continue to ship pre-changed product until a time in which inventory has been depleted. This may result in pre-changed product being shipped to customers after this forecasted date.*

Atmel Contact: pcnadm@atmel.com

Atmel will deem this change accepted unless specific conditions of acceptance are provided in writing within 30 days from the date of this notice. All correspondence must be sent to the Atmel Contact e-mail address listed above.

Information provided herein is in connection with Atmel products and this information is provided "AS IS". Atmel assumes no responsibility for any errors that may appear in this document. No license, express or implied, by estoppel or otherwise, to any intellectual property rights is granted by this document. Except as provided in Atmel's Terms and Conditions of Sale for such products, Atmel assumes no liability whatsoever, and Atmel disclaims any express or implied warranty, including liability or warranties relating to fitness for a particular purpose, merchantability, or non-infringement of any patent, copyright or other intellectual property right. Atmel products are not intended for use in a product or system intended to support or sustain life which, if it fails, can be reasonably expected to result in significant personal injury. Atmel may make changes to specifications and product descriptions at any time, without notice.
